COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, FEBRUARY 13, 1907.

NUMBER 14

## DIED IN TEXAS.

**Mrs. E. L. Dohoney, Wife of Col. Dohoney, a Former Citizen of Adair County.**

"Blessed be God," for He created Death.

The mourners said, "And Death is rest and peace."

Then added, in the certainty of faith, "And given life that nevermore shall cease."

Early Friday morning a tender message came calling Mrs. E. L. Dohoney home to her father. After months of suffering borne with such gentle patience as comes only to those who walk with God, the summons found her ready and willing to move upward and onward with fuller knowledge and greater happiness.

Mrs. Dohoney was a member of one of the best of our old Southern families and was for years identified with the most refined and cultured social life of Paris. Her rare musical gifts and as her goodness of heart won her many friends who remained to the day of her death. Quiet and unobtrusive, she bore her self with gentle dignity which belonged to the ladies of the old South; essentially a home maker she was yet possessed of a strong spirit of helpfulness that was out to all who needed her sympathy. Her unspoken creed of usefulness might be well written in these words: "I shall go through this life as if I shall do it now; let me not neglect it, for I shall not see it again."

Worldly as was her wisdom, the force of her strong and pure character reflected in lives of the manly, brilliant sons and true-hearted women, daughters that rise up to bless her memory. The loyal wife, the tender mother, the affectionate sister, the faithful friend has passed into the Beyond. Those who grieve for her hushed voice and the vanished hand saddened by their own loss but rejoice that her spirit has found an abiding place in the bosom of the Infinite.

Take her, O great Eternity  
Our little life is but a gust,  
That bends the branches of thy tree  
And trails its blossoms in the dust."

## THE HAND OF DEATH

**Falls Heavily at Cane Valley—Three Within a Few Days.**

### DEATH OF MRS. MARY BEARD.

Mrs. Mary J. Beard, of the Cane Valley country, died last Sunday of pneumonia. The deceased was a wife of Mr. Jno. Hall Beard, of Cane Valley, and a sister of Mr. James P. Beard, of this city.

Mrs. Beard was about fifty years of age and a lady of the highest type of Christian character. In the neighborhood where she has so long resided her kindness and constant attention to those in distress has won her a warm place in the hearts of all.

The husband, children, brother and relatives have the sympathy of the entire community.

The funeral services were conducted by Rev. W. S. Dudgeon, after which the remains were interred in the Cane Valley cemetery.

### MRS. SOLOMON MCFARLAND DEAD.

After a lingering illness of many weeks, Mrs. Solomon McFarland, of the Cane Valley neighborhood, died last Saturday evening, a victim of stomach trouble.

The deceased was a Miss Jones, of the above neighborhood, was about thirty-five years of age, and a lady of many lovable characteristics; a devoted and loving wife, a kind neighbor, and a friend to all.

To the sorrowing husband and relatives the sympathy of all is tendered. The funeral services were conducted

at the Cane Valley Baptist church, of which the deceased was a member, by Rev. W. S. Dudgeon, followed by the interment in the Cane Valley cemetery.

### MRS. T. C. DUDGEON DEAD.

Mrs. T. C. Dudgeon, wife of Mr. T. C. Dudgeon, of Cane Valley, died at her late residence in Cane Valley last Thursday evening about 8:30 o'clock, a victim of a complication of diseases which developed into paralysis, causing death. The deceased was 77 years of age, a good Christian lady and loved by all who knew her.

Besides the husband she is survived by three sons and two daughters, who have the sympathy of all in their bereavement.

Squire Charles Rowe, of Sparksville, was in town Saturday, and is an earnest and enthusiastic advocate of building substantial roads. Mr. Rowe does not and will not favor any plan of road building that fails to make permanent roads. He is outspoken for a rock crusher and a tax sufficient to keep it going. Squire Rowe is a man of good judgment, firm in conviction and game enough to stand for what he believes to be for the best interest of the people. We heartily endorse his position on making roads and trust that his associates will see as he sees and do as he does in this matter.

While our roads are bad, and in many places almost impassable, we hear a great deal about making pikes but when the summer sunshine dries the mud then we all go merrily on and fail to carry out our good resolutions. The fact is that the Commercial Club ought to start an investigation and find the most successful way of building roads and present it to the Fiscal Court in April. It is not what we think or want that change conditions but what we do. It is time for all to pull together and do something. Stand by the court in every effort to better the roads.

Mr. W. R. Myers announces that he is compelled to shut down the electric light plant for a short time, until he can secure fuel. He is firing with wood and at present has exhausted his supply with no hope of replenishing until the roads are passable. He regrets to take this step but there is no alternative at present. This ought to impress our people of the importance and worth of making good solid roads. The buyer can't buy and the seller can't sell in winter time.

The Lebanon papers contained items last week about Deputy Sheriff F. H. Winfrey landing several prisoners in the jail at that point. Sheriff Patteson informs us that no prisoners were sent to the Lebanon jail and that Mr. Winfrey was only employed as a deputy through Circuit Court.

The City of Columbia is in darkness on account of a shortage in the fuel supply, due to the impassable condition of roads leading into Columbia. A nice story to scatter broadcast over the land. The officials of the Fiscal court and tax payers should swell with pride.

Mr. John C. Bryant, of the Ozark community, exhibited at this office eight ears of corn in one, which is a curiosity. There is one large ear, and around it seven smaller ones. Each ear has a separate cob, but the outside ears are all attached to the larger one.

Some weeks ago we announced that Mark Wilson had purchased a one-third interest in the blacksmith shop of John Parson, but later information shows that the deal fell from the lofty heights of expectancy into the valley of failure. The deal failed to materialize.

Luther Gideon Snead was arrested in Columbia Sunday and lodged with Jailer Tarter, the county to pay his board for six months. Snead made his escape from the road crew several months since, and, consequently has 180 days to serve.

Mr. Lewis Cabell, of Green county, was in Columbia Saturday, and stated that the people of Greensburg and Green county are in earnest on the Greensburg and Columbia pike question.

One of the most active county Committees is that of Adair which is headed by Prof. W. K. Azbill, of Columbia. —Kentucky-Jamestown Notes.

## PIKE TO BURKESVILLE.

**Another Pike Proposition—From Columbia, by Breeding to Burkesville.**

A pike from Burkesville to Columbia is the slogan that is being sounded by every enterprising citizen in the county. Several pikes have been proposed, but not one that would benefit Burkesville and Cumberland county in general as this one would. Adair county proposes to build the pike from Columbia to our county line near Breeding, providing Cumberland county will build from Burkesville to that point. Columbia desires a good road outlet to the river: Burkesville is equally desirous of a good road outlet to the railroad. Could any thing serve the interests of all parties as much as the proposed pike? Could we hope for an opportunity to get the long desired outlet to the railroad at as small an outlay as this offers? We now have three miles of pike that with a small expense could be made first-class, and the gravel for the remaining eleven miles is in easy reach of the proposed route. At no place would it need to be hauled further than one hundred yards; the road is comparatively level, until Big Renox hill is reached, and the material for the road over that can be secured on the hill. A pike to Glasgow is out of the question. The expense of building a good road over the many hills and along Marrowbone creek would be greater than this county could afford at this time. We can afford the pike to Columbia, and the question is now up to the people. Do you want it? The proposition has been taken up by the Commercial Club of this place. A Committee has been appointed to confer with a committee from the Commercial Club of Columbia, and as soon as the weather will permit, the committee from this place will go to Columbia, at which time some definite plan will be adopted for raising the necessary funds for the completion of the road.

Thing it over!  
Talk it over!  
It would mean;  
Several hours nearer the railroad,  
and the outside world.  
Competition for freight rates.  
Goods cheaper for Burkesville.  
Less expense to move our products during the "No water" season.

A trip to the railroad would be a pleasure instead of torture.—Cumberland County News.

### LISLE—TAYLOR.

Miss Adaline Dorothy Lisle and Mr. Ernest William Taylor, of Cleveland, Ohio, were quietly married at the home of the bride's parents, Mr. and Mrs. J. Lisle, Wednesday afternoon. The ceremony which took place at two o'clock was performed by the Rev. A. S. Moffet, pastor of the Second Presbyterian church, and was witnessed by relatives and only a few of the friends of the young people. The bride's sister, Miss Virginia Lisle, was the only attendant, and little Miss Margaret Murray and Master Donald Edwards were the ribbon bearers. Mr. and Mrs. Taylor left on the afternoon train for Cleveland, in which city they will reside. Mrs. Taylor is one of Lebanon's most attractive girls, and her friends wish for her a happy home in the city where she goes to reside. Mr. Taylor is a civil engineer holding a responsible position in Cleveland.—Lebanon Enterprise.

The bride is a niece of the late Mrs. H. C. Baker, and has a number of friends in this city.

## CARLOAD OF BOTTLES.

**The Durham Bottling Works Meeting With Phenominal Success.**

The Durham Bottling Works have ordered another carload of bottles. The firm which began manufacturing soft drinks a few years ago on a limited capital and upon a small scale has met with phenomenal success, and their shipments last year more than quadrupled the shipment of any previous year. The company is probably the only one

in the State which manufactures soft drinks both winter and summer or throughout the year, and makes shipments into cities where there are other bottling establishments.

The above shows what energy pluck will do. Mr. Durham, who is connected with S. H. Grinstead & Co. in the poultry and commission business in Columbia, is a member of the above firm, but he is a successful and strong believer in bottling soft drinks.

Born to the wife of J. E. Bell on the 6th, a daughter.

A newsy letter from Breeding—keep up the good work.

Hillenmyer, the noted nurseryman, of Lexington, says, so far, the fruit is safe.

In the Pellyton letter will be found a good article, the advice of which if followed, would be benefitting.

Metcalfe county has a fine thoroughbred stallion—Wake Robin—in charge of Mr. P. P. Mitchell, of Edmonton.
